

One Tree Paddles

THIS INFO MUST BE SIGNED IN ORDER TO PARTICIPATE IN ONE TREE PADDLES TOURS, RENTALS, AND ANY OTHER ACTIVITIES USING SINGLE BOATS OR OWN EQUIPMENT.

Special Note:

Not all kayaks are alike!!!

Even if you have had previous experience, we feature a fleet of boats which do not accommodate for novice paddlers in our selection of singles.

Our singles are designed for people who are familiar with edging techniques, and who have the ability to paddle in rough waters without the aid of a rudder.

Please make your consideration wisely as our selection of doubles are the best all-around option for a fast, responsive and stable kayaking experience.

SINGLE KAYAKS / OWN EQUIPMENT AGREEMENT

We prefer that novices to sea kayaking use our double sea kayaks to introduce themselves to this great sport. Doubles are far more stable, provide more storage, and are more comfortable without affecting the overall experience. If you choose to opt for one of our touring singles, you should be totally familiar with self-rescue, and a strong paddler to maintain a pace equal to that of a double sea kayak (significantly faster than a single).

Please rate your swimming ability:

Strong: _____ Average: _____ Weak: _____

Please rate your Kayaking ability:

Expert: _____ Intermediate: _____ Beginner: _____

I _____ (Please Print Name) have had previous kayak training, and/or experience with ocean currents, rip tides, choppy conditions, and am comfortable and knowledgeable with self-rescue techniques.

Signature: _____

Date: _____

Note: Please accept that this decision was taken to accommodate group considerations. It may still be necessary to establish you in a double kayak
